Description

At the entrance of the capital of Menorca, Mahon, known worldwide for its history, key throughout the centuries and dominated by the French and English, but especially for having the second largest natural harbour in the world, we have this double flat in perfect condition, ready to move in and enjoy it.

With parking space included, and lift that takes you from the parking of the building to the door of the flat, comfort and security in pure state.

We open and see its large living/dining room with large glass windows overlooking the wonderful port of Mahón. American kitchen very well integrated in the living room, it also has two double bedrooms, one of them with bathroom en suite, and another complete bathroom. It has a very good size terrace, but another one on top of the flat which can be a solarium during the day and/or chillout area to have a drink with family, couple or friends with such views.

The communal pool strategically located at the back of the building, gives you the privacy you need.

It is perfect to live all year round, due to its strategic location or to have a second residence and spend the summers that you deserve in our wonderful island.

Contact us to visit it without any obligation. And believe me, you will find it hard to let it escape.
