Description

Discover the perfect plot to build your dream house in a quiet and exclusive environment. This plot, although small, is ideal for the construction of a four-storey house: basement with the possibility of parking, ground floor and two additional floors.~~Situating in a privileged location, Ferreries is in constant expansion, this plot offers you the opportunity to create a modern and functional residence that adapts to all your needs. Thanks to its design on four levels, you will be able to make the most of every available space.~~Imagine arriving at your home and having direct access to the underground car park, providing you with comfort and security. The ground floor would offer large and bright spaces where you can enjoy the living room, dining room and kitchen integrated in an open plan environment.~~As you go up to the first floor, you will find cosy rooms where you can relax in peace and quiet. And if that's not enough space for you, the first floor gives you the opportunity to create additional areas such as a study or additional living room.~~This plot also gives you the creative freedom to design your own private outdoor oasis. You could consider including a charming garden or even a rooftop terrace where you can relax while enjoying the surrounding landscape.~~Don't miss this unique opportunity to build your ideal home on this plot perfectly suited to your needs. Come now and create the home you have always wanted with all the comforts you deserve, we are waiting for you!~
